Hi Greg,

I hope this note finds you safe, sane, and appropriately distanced. Congratulations to you and Crystal in getting us back on track. It's nice to get a little win in this crazy time. Please upload the quarterlies.

I look forward to great things happening with the IDA and the County.

Stay Safe,

Bob

Subject: Greene Co. IDA - EPA Quarterly Reports

Mr. Stank – good afternoon, attached are the five quarterly reports for Greene County IDA's US EPA Brownfields Assessment Grant. Please note, in the next quarterly report due this month you will be listed as the Project Officer.

Per our discussion, the Greene County IDA has recently had some personnel transitions. Ms. Crystal Simmons is now leading this program and all reporting should now be up to date and under her direction will continue to be.

Please let me know if you have any questions and if you would like these uploaded into US ACRES.

Thank you,

Gregory M. Firely, BCES
